INFORMATION FOR THE DIRECTOR'S LOG

A-DD/A

30 July 1952

The Bureau of the Budget has approved of the balance of our \$750,000 request for air conditioning equipment. Installation of the first 49 units acquired has begun and will continue as rapidly as delivery is made on orders already confirmed. Regular shipment of 60 units per week will begin on 18 August as a result of NPA allocation.
